Experience

State Infotech

May 2026 – Aug 2026

Frontend Developer

- Worked as a Frontend Developer Intern at State Infotech, Noida, where I managed and maintained the company website, made small UI and content changes, and handled website data updates using HTML, CSS, TypeScript, and React.js.

Projects

State Infotech Internship [🔗](#)

May 2026 – Jul 2026

- Worked as a Frontend Developer Intern , Noida, where I made small UI changes, managed and updated website data, and performed complete testing of the State Infotech website and mobile application to identify and report issues.

Tech Stack: React js, TypeScript

Night Marathon Project In Qspider [🔗](#)

Mar 2026 – Mar 2026

- Participated in the QSpiders Night Marathon and worked on a project with guidance from my mentor. I contributed to the project development, understood the requirements, and learned to complete a project within a limited time.
- Successfully completed the project during the QSpiders Night Marathon and secured a position in the Top 25 Students in projects. This experience helped me improve my teamwork, problem-solving, and practical development skills.

Blog Website [🔗](#)

Nov 2025 – Nov 2025

- Developed a basic blog website for B.Tech and BCA students as part of the NotesHub college project, providing learning content multiple Programming like HTML, CSS, C, C++, and React.js with theory, fundamentals, and code examples.
- Used AI tools like (ChatGPT , Google Gemini) to help create and organize learning notes and content for the website. The project was designed to give students a simple platform to learn programming concepts and practice with examples.
